“ YOUR DESTINATION
FOR GOOD HEALTH ”

About NICE

NICE Ltd. has a tradition of excellence reflected in everything we do. NICE Skymed, a venture of Netherlands India Communications Enterprises (NICE) Ltd, specializes in providing the best in class medical services to patients and helping them as they heal. We are always present by your side to help you guide through your entire journey for your treatment, travel, food, and accommodation.

- **Medical Tourism:** Refers to People Traveling Abroad to obtain Medical Treatment
- **Medical Guest House:** An In-Patient Rehabilitation Centre Staffed with trained medical Professionals.
- **Telemedicine:** It is the distribution of health-related services and information via TI & telecom technologies.
- **Senior Care at Home/Assisted Living Facility:**

A Continuum is part of long-term Care Services that provides a combination of Housing, Personal Care Services, & Health

Specialties

WHY NICE

We have been serving for over 25 years and understand the needs and requirements of the patients not only as a healthcare professional but as a human being. In today's world medical Science is incomplete without IT. Our experience in Health TI along with patient care ensures that you get the best services. NICE provides services that will cover the following technologies to cater to the patients while they are in their home country before, during, and after the treatment.

- Tele/Video/Chat Consultancy
- Preserve Electronic Medical Record (EMR)
- AI Based Clinical Decision Support System (CDSS) & Clinical Reminders.
- Medical Cal Center at Medical Guest House
- Medical Office/Out Patient Services in your country
- Web and App Support

WHY INDIA

- India is the third largest medical destination in the world.
- Skilled healthcare workers with Indian and International experience
- Strong value proposition on cost, quality & services.
- Diverse geography, numerous tourism destinations with the availability of In-Budget accommodation.
- Widespread use of English interpreters and doctors reducing the language barriers.
- World-class and standardized medical care and services with the help of the latest technology to provide wellness and rejuvenation programs for complete healing
